Opening of the South Pole

AS I stand upon the physical earth,
I do what the angels ask,
Acknowledge their vortex of entrance
At the South Pole,
65 degrees south latitude,
139 degrees east longitude.
With all our intentions, we hold this
door open
For the mass entrance of angels only.

Opening and Closing of the North Pole

AS I stand upon the physical earth,
I do what the angels ask,
Acknowledge their vortex of exit
At the North Pole,
82 degrees north latitude,
114 degrees west longitude.
With all of our intentions,
We hold this door open
For the mass exits of angels only.
We know that when we call,
You will be there for us,
And close this exit with intention.

ALL MEN.

Consecration of the Angel/Humans Family

A + H: As wholly spiritual beings, angels rely on humans to put into action the wisdom the angels put forth. With bodies experiencing the shadow aspects of the physical, emotional, mental, and spiritual planes, humans rely on angels for guidance and support to maintain connection with the light. Made of the same original divine spark, we are one family, related by our united purpose of serving the highest good of all in light and love and grace.

Spiral of the Divine

A: From the angelic realm bathed by the light of Source, we extend to humans our Divine guidance and support to lift you up to higher consciousness. So it is.

H: From the physical plane grounded in the energy of the earth, we extend to angels our experience of matter, action steps, and follow through inspired by the will of the Divine. So it is.

A + H: Together we create a double spiral of angelic expression in material form which reverberates its light across the dimensions back to the Source of ALL. ALL MEN.

Angels of the Hours of Day and Night

Consecrate Your Temple

A: Your body is the temple that you chose to carry out your sacred work upon the earth.

H: Bless us so that we may bless ourselves. We acknowledge the choice we made to come into a body here on earth. Help us acknowledge the sacred choice we made to be spirit in body. When we resist our physicality, we resist our spiritual path; we resist our soul choice. Take away our resistance. Help us choose instead to be fully present in body. In this way we honor our temple.

Continue to support us as we clear away the blocks that interfere with being fully present NOW. May we align our thoughts and words and deeds, our actions and intent, within our sacred temple. Make it a Holy space infused with Spirit and Light so that we may serve the Highest Good of ALL.

A: We bless your body and the sensations that it brings: the gifts of sight and hearing, touch, taste, and smell. We consecrate your temple as a sacred place infused with Spirit and Light. Enter into this space and know that we are here for you.

A + H: Like cords in a braided rope, we retain our unique energies as we join together in united purpose. We blend the energies of Source and Earth as we braid the pure light of the angels with the intention and follow-through of the humans. This blending strengthens us all. Our endeavors are infused above and below with fresh success that shines in spirit and in matter. Our union resonates in triumph after triumph. ALL MEN.

A + H: So it is.

A + H: Enlightenment comes when we see things as they are. The whole consists of opposite forces: darkness and denial/light and truth. With love, compassion, and courage we embrace the shadow parts; we do not shrink from them. Holy is this embrace that makes us whole and brings to us much light.

ALL MEN.

Flight of the Shadow

H: The process of shining light on our shadow causes it to flee. Its flight, however, is not guaranteed; nor is it necessarily permanent. Our shadow hovers around us when we repeat habits and patterns already revealed. When we fail to follow what we know, neglecting action steps that support our understanding of the lessons we have learned, we open space for shadow to return and wreak its havoc on our lives again. Righteousness also calls our shadow back as we judge others for mistakes we too have made.

A: We honor your learning process. We honor the flight of the shadow. We support your energy as you shift out of habits and patterns that no longer serve. We match your intention and follow-through with our energized support and light of love. When shadow hovers around you due to neglect or judgment, we infuse you with the light of healing, that you may recognize the lesson once again, each time integrating what you learned at a deeper level of your consciousness.

Braid of Health

A: We intertwine your human organs of support with your spiritual heart and soul.
