Opening of the South Pole

AS I stand upon the physical earth,
I do what the angels ask,
Acknowledge their vortex of entrance
At the South Pole,
65 degrees south latitude,
139 degrees east longitude.
With all our intentions, we hold this
door open
For the mass entrance of angels only.

Opening and Closing of the North Pole

AS I stand upon the physical earth,
I do what the angels ask,
Acknowledge their vortex of exit
At the North Pole,
82 degrees north latitude,
114 degrees west longitude.
With all of our intentions,
We hold this door open
For the mass exits of angels only.
We know that when we call,
You will be there for us,
And close this exit with intention.

ALL MEN.

Gratitude of Humans

The most amazing things happen in our spirits when we notice the blessings that abound around us from the angels. We change. We become more hopeful and more giving. We apprehend angels' grace more quickly because we are ready to receive.

I will speak to others of angels, in gratitude.

I will bless others and their angels, in gratitude.

I will do random acts of kindness to enhance angels' jobs, in gratitude.

I will open doors for others and their angels, in gratitude.

I will send love to others and their angels, in gratitude.

I will hold peace in my heart for others and their angels, in gratitude.

I will be healing for others and their angels, in gratitude.

I will hold space for all angels, in gratitude.

Welcome and Acknowledgment

In every religion on planet earth,
There is mention and belief in angels.

We welcome the angels.
We welcome your messages.
We welcome your presence.
We welcome the process of
Co-creation with angels.
We acknowledge:
The centuries of service,
The watchfulness,
The unconditional love
And Your presence.

ALL MEN.

Prayer of Grace

Oh humans of Earth, take this blessing of grace from
the consciousness of angels to the consciousness of
humans. From the perpetual state of grace that all
angels are in, we give you with the highest good will all
states of grace. In co-creation with the grace of God
and the grace of angels, man can find grace in all their
acts and in their being.

Under this divine influence may humans move
forward on their path of enlightenment.

So it is.

Prayer of Will

Oh angels above, take our intentions to co-create with
you and aid us in following through. Using our state of
free will that all humans have, we commit to co-create
with angels for the highest good of all concerned. In our
co-creations with angels, we will pay attention and use
intention to observe the subtle messages and signs. Our
will is used to develop and challenge our very beings
with our relationships with angels.

ALL MEN.

Chalice of Embodiment

Humans

I raise my whole being to this initiation, co-creating with the angels to grow and become more of my true self. I accept the lessons and take the action steps as needed. Angels, in your constant presence accept the emptiness in my heart as it is cleansed of inappropriate energies and fill it with angelic energy. As the day goes by, let these energies overflow to others in my path and world.

Angels

In the greatest of harmonies, we offer you sips from the angelic chalice. Our journey together with you is one of consciousness of spirit in body. In our co-creation an enlightened understanding of your spirit in your body becomes natural and easy. Your experiences become fuller and light filled as you accept our guidance.

Humans

We become the process of being at peace with soul and body. We quiet our fears and inner noise. We acknowledge the counsel of our angels as we surrender our unrest. We create a powerful silence within us to hold the chalice for angelic wisdom. We participate in activities that keep peace between body and soul.

Angels

Our very beings are made of light and love. As you let us in, light and love fills both your body and soul. As you walk with us in your daily lives, these energies radiate outward to touch humanity. When peace of soul in body becomes who you are, you become the chalice of light for others.

A + H: In all of our worlds as energies overlap, we celebrate the places and spaces where angels and humans meet. Joyous is our co-creation of soul and body. Wonder-filled is our co-creation of body holding soul. Our work together is a foundation for inner peace for both man and angel. The songs of the angels feed the hearts of men. The actions of men feed the hearts of the angels. As our two worlds come together we seek connection to Source, the capacity of the soul to stay in body, and the labors of the angels to be acknowledged.

A: In our commitments of co-creation, we, the angels, will hear your prayers, your questions, and your supplications.

H: We, the humans, will acknowledge your signs, signals, and synchronicities...

A + H: ... as we both strengthen our connection to Source and Earth for the Highest Good of all.
